KELL CONSOLIDATED SCHOOL DISTRICT #2

EDUCATIONAL PHILOSOPHY OF THE SCHOOL DISTRICT

Kell Consolidated School District #2 strives to provide each student with the opportunity to acquire the very best education according to his or her needs and abilities.

The development of ideals and the ability to think clearly, logically, and independently are essential to life in a democratic society. The school district strives to use all possible resources, especially those of the community, to meet these goals.

Each child is expected to develop self-discipline based on respect for others. The school assists in this development by reinforcing and rewarding independent, responsible behavior. The school district also assists in this development by providing the necessary guidance and direction to aid individual students, as they become responsible citizens in a democratic society.

MISSION STATEMENT

Based upon the belief that all students can learn and with the understanding that students' learning capabilities may vary, it is the mission of the school to provide learning environments that allow students the opportunities to maximize their learning capabilities.

NON-DISCRIMINATION STATEMENT

Kell Consolidated School District #2/Kell Grade School provides all school district resident students with educational opportunities on a non-discrimination basis without regard to a student's race, color, national origin, religion, sex, sexual orientation, ancestry, age physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, and actual or potential marital or parental status, including pregnancy. Any questions, comments, or complaints should be directed to the Superintendent of Schools, Kell District #2, Kell, Illinois 62853.

SCHOOL HOURS

School hours begin at 8:30 a.m. and end at 3:00 p.m. during the school year. **Students should not arrive at school prior to the teacher's beginning duty at 8:00 a.m. since NO SUPERVISION is available until then.** Fridays will include our teacher collaboration meeting time and students will dismiss each Friday at 2:00pm. Please check the master calendar in this booklet and the monthly calendars sent home for updates and other dates and schedule changes that might be necessary.

If you need to speak with your child's teacher, please call between 8:00 - 8:15 a.m. or 3:05 -3:30 p.m. If you need to pick up your child early for any reason during the school day you **MUST REPORT TO THE SCHOOL OFFICE.** Your child (children) will be called to the office at that time for you to pick them up. You should then sign them out while in the office.

FREE AND APPROPRIATE PUBLIC EDUCATION

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals with Disabilities Education Act (IDEA) and the implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act. The term "children with disabilities" means children between ages 3 and 15 for whom it is determined, through definitions and procedures described in the Illinois State Board of Education Special Education rules, that special education services are needed.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the ISBE Special Education rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), representation by counsel, and a review procedure.

VISITORS

All visitors must abide by the Kell Grade School policies and procedures. Parents and visitors are welcome during school hours. They must report immediately to the office and sign the visitor's log. Parents **MUST** report to the office prior to meeting with a teacher both during the school day and after school. This applies to scheduled AND impromptu meetings. If a

parent picks up their child early, they must report to the office and wait for their child to meet them in the office. When room parents or parent/guardian may be assisting within the classroom or on field trips, younger siblings may not attend due to the disruption of the instructional process. Upon graduating from Kell Grade School, graduates may not attend the non-attendance days for 8th graders due to the disruption of the instructional process. Non-students who are on campus without approval of the superintendent are subject to arrest.

Doors to the building will remain locked from 8:30am until 3:30pm. Parents and/or Guardians are asked to wait outside at the time of dismissal to ensure the overall safety of our students is upheld.

Visitors at extra-curricular activities may be expelled for one school year for improper conduct.

Visitors that are in need of any accommodations due to disabilities need to inform the office and the school will accommodate as necessary.

To gain entrance to the building, visitors need to report to the main entrance and wait to be granted access. Please press the button on the outside buzzer to access the office.

ENTRANCE AGE

To enroll in Kindergarten or 1st grade at any time during a school year, a child must be five or six respectively, on or before September 1st. Kindergarten and first grade children enrolled for the first time must present a certified birth certificate. During the same school year, a child transferring from another school district may enroll in Kindergarten or the first grade without meeting the entrance age requirement. Parent/guardian(s) may request early admission of a child's entrance.

The superintendent or designee shall assess the child's readiness to attend school and make the decision accordingly. The board may deviate from the entrance age requirement when in the opinion of the Board exceptional circumstances prevail.

PRE-SCHOOL SCREENING

Pre-School screening is offered to district preschoolers. Pre-school screening is conducted in the spring of the year for the following fall enrollment. The areas to be screened will include vision and hearing, basic learning concepts, communication skills, and development of small and large muscles. If you know of a child that would be eligible for this program, please advise their parents.

KINDERGARTEN REGISTRATION

All students who will be five years old on or before September 1st are eligible to pre-register for Kindergarten. Pre-registration will be held at the school in the spring. Please watch for newspaper and radio advertisements. If you know of a child that would be eligible for this program, please advise their parents.

SPEECH/LANGUAGE SCREENING

Speech and language screening will be conducted for all children who are in Kindergarten and first grade; who are new in the district; or who have had a known speech and language disorder in the past. The speech/language pathologist will inform parents of the results of this screening. If the screening indicated that, more testing would be helpful to further assess the child's speech and language skills, parents will be asked to give consent in writing. Should speech and language services be recommended following testing, a conference will be arranged to discuss this with parents. Speech and language services are part of the special education program in the district.

ENROLLMENT PROCEDURE

Any student who attends Kell Grade School must be a resident of Kell Consolidated School District #2, that is, that child and his/her parents must live within the school district boundaries.

Any student who resides outside the Kell School District boundaries is not allowed to attend Kell Grade School. When enrolling a child, a parent may be asked to present **proof of residency** within the Kell Grade School District. A paid real estate tax bill, a paid utility bill, a rent receipt and/or other documentation which shows the parent(s) name and 911 emergency address (Rural Route or P.O. Box address not acceptable) may be acceptable as proof of residency. In addition, the parent may be required to present a notarized document stating that they are residents of Kell School District #2. Parents must be present for a child to enroll in Kell Grade School. Parents are encouraged to register their child/children prior to the start of the school year. Early registration to enroll for the upcoming school year will be during the first week of August before the start of school.

Students who enter after the first day of school shall be registered in the office. An **OFFICIAL BIRTH CERTIFICATE** obtained from the county clerk's office in the county where your child was born shall be required for registration and must be presented before the registration is considered final. The official birth certificate shall be provided within ten (10) days of application for enrollment. If the official birth certificate is not produced within ten (10) days, your child will be excluded from school.

HEALTH EXAMINATIONS AND IMMUNIZATIONS (HEALTH, EYE AND DENTAL EXAMS; IMMUNIZATIONS; AND EXCLUSION OF STUDENTS)

Required Health Examinations and Immunizations

A student's parents/guardians shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

- 1. Entering kindergarten or the first grade;*
- 2. Entering the sixth and ninth grades; and*
- 3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).*

Proof of immunization against meningococcal disease is required for students in grades 6.

As required by State law:

- 1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice registered nurse, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.*
- 2. A diabetes screening is a required part of each health examination; diabetes testing is not required.*
- 3. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.*
- 4. Before admission and in conjunction with required physical examinations, parents/guardians of children between the ages of one and seven years must provide a statement from a physician that their child was risk-assessed or screened for lead poisoning.*
- 5. The IDPH will provide all students entering sixth grade and their parents/guardians information about the link between human papillomavirus (HPV) and HPV-related cancers and the availability of the HPV vaccine.*

6. The District will provide informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students' parents/guardians.

Unless an exemption or extension applies, the failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15 of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice registered nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by October 15 may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches, or a licensed optometrist, must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All children in kindergarten and the second, sixth, and ninth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second, sixth, or ninth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

- 1. Religious grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of***

Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, Communicable and Chronic Infectious Disease, and State rules if there is an outbreak of one or more diseases from which the student is not protected.

2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced practice registered nurse, or physician assistant provides written verification.

3. Eye examination requirement, if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.

4. Dental examination requirement, if the student's parents/guardians show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment.

REGISTRATION FEES AND EDUCATIONAL FEE WAIVER

Registration fees for the district have been set at \$40.00 with a checked Illinois Textbook enrollment card. There will be an activity fee of \$10.00 per activity per student for those students in grades 5-8 participating in extra-curricular activities. The Kell Board of Education makes every effort to keep fees as low as possible to keep costs down.

Waiver of Student Fees

The Superintendent will recommend to the School Board a schedule of fees, if any, to be charged students for the use of textbooks, consumable materials, extracurricular activities, and other school student fees. Students must also pay fines for the loss of or damage to school books or other school-owned materials.

Fees for textbooks, other instructional materials, as well as fines for the loss or damage of school property are waived for students who meet the eligibility criteria for a waiver as described in this policy. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay student fees and fines, the Superintendent will recommend to the Board which additional fees and fines, if any, the District will waive for students who meet the eligibility criteria for a waiver.

Notification

The Superintendent shall ensure that a notice of waiver applicability is provided to parents/guardians with every bill for fees and/or fines, and that applications for waivers are widely available and distributed according to State law and Ill. State Board of Education (ISBE) rule and that provisions for assisting parents/guardians in completing the application are available.

Eligibility Criteria

A student shall be eligible for a fee and fine waiver when:

- 1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program;*
- 2. The student's parents/guardians are veterans or active-duty military personnel with income at or below 200% of the federal poverty line; or*
- 3. The student is homeless, as defined in the McKinney-Vento Homeless Assistance Act (42 U.S.C. §11434a).*

The Superintendent or designee will give additional consideration when one or more of the following factors are present:

- *Illness in the family;*
- *Unusual expenses such as fire, flood, storm damage, etc.;*
- *Unemployment;*
- *Emergency situations;*
- *When one or more of the parents/guardians are involved in a work stoppage.*

Verification

The Superintendent or designee shall establish a process for determining a student's eligibility for a waiver of fees and fines in accordance with State law requirements.

If a student receiving a waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the ISBE rule on waiver of fees.

Please note*All educational fees may be WAIVED** for those students/families who qualify for Free or Reduced lunches, or because of other circumstances as deemed acceptable by the Superintendent of Schools. Forms for Free and Reduced lunches are made available at the beginning of the school year. Please contact the office if you have any questions regarding the form or if your circumstances change. If your circumstances change, new forms must be filled out to insure eligibility. Please contact the superintendent if you have any questions regarding eligibility, reimbursement or regulation policies.

During registration you will be asked to fill out a student information form. It will ask for your **CHILD'S SOCIAL SECURITY NUMBER**, student's legal guardian, father and mother's employment and phone number, special health needs, and the name and phone number of at least two (2) adults who will assume responsibility if parent/guardian cannot be reached, and other information deemed pertinent. **THE SCHOOL MUST HAVE AT LEAST TWO (2) VALID EMERGENCY phone number CONTACTS ON THE STUDENT INFORMATION FORM.**

TUITION

Students who do not live in Kell Grade School district but wish to attend school here must have approval from the Board of Education before they may attend school in the district. Tuition will be charged to students in this situation. The tuition is based on the per capita tuition charge and operating expense per pupil from the current school audit report.

Students who attend Kell Grade School at the beginning of the school year but move during the year may complete the current school year without paying the tuition fee.

HOMELESS

The Board of Education has designated School Superintendent and/or District Secretary as homeless liaisons. The liaisons have provided their contact information for all district staff members.

APPROPRIATE COMMUNICATION AND BEHAVIOR

Under no circumstance will verbal abuse, cursing, or threatening behavior toward school personnel either on the telephone or in person be tolerated. The police will be called and disorderly conduct charges will be filed as per Article 26 of the Illinois state law. The school board retains the right and authority to ban offenders (i.e. students, parents, and/or others) from school property.

ATTENDANCE

The Illinois School Code mandates that all children between the ages of six and seventeen attend school "in the district wherein these children reside." Absence from school is one of the most common causes for failure. A child is not expected to be present when he or she is ill, and actually attending while ill could cause spread of illness throughout the school, which is an undesirable scenario. Parents, with the aid of the school, are responsible for insuring regular, punctual attendance. Poor attendance and truancy will be reported to parents. Any student, who must leave school for a good cause, medical or dental appointment, etc., must bring a note to the office that explains the reason. Parent(s)/guardian(s) of a student is required to sign in or sign out a student at the office.

PLEASE PLAN VACATIONS TO COINCIDE WITH THE SCHOOL CALENDAR. A day of school missed can never fully be made up.

If your child is absent from school because of illness or other reason, you must phone the school on the day of each absence by 9 a.m. Messages may be left on the school's voicemail or answering machine if available. Failure to call the school prior to 9:30 a.m. on the date of the student absence may cause the school to contact the parent at home, work or other designated place.

Absences may be **excused** only for the following reasons:

1. Illness of the student, including mental or behavioral health of the student. A student may be required to bring a doctor's excuse in cases of repeated or prolonged illness;
2. Quarantine of the student;
3. A doctor or dental appointment, provided the parent or student is unable to schedule such appointment at a time other than during school hours;
4. A death in the student's family;
5. The observance of religious holidays;
6. Attendance at a civic event;
7. Family emergencies and situations beyond the control of the student, as determined by the administration and/or School Board ("Personal Business or Family Business" is **NOT** a sufficient reason to receive an excused absence. Some detail must be provided to the superintendent in order to make a proper decision or an unexcused absence must be assigned.);
8. Written requests approved in advance by the administration;
9. Such other circumstances which cause reasonable concern to the parents for the student's mental, emotional, or physical health or safety;
10. Any other reason deemed sufficient by the Superintendent.

(All other absences shall be considered unexcused i.e., suspensions, truancy such as oversleeping, hunting trips, shopping trips, hair appointments, baby-sitting, etc.).

Students shall be permitted no more than six (6) excused absences per semester based upon parental confirmation solely. After the student has been excused 6 times in one or more of his/her classes during a semester, additional excused absences may only be verified by a doctor/dentist note; a court summons or court order; a funeral notice/obituary or a letter from a member of the clergy for a religious holiday. (A semester constitutes 2 quarters). An unverified absence will therefore be deemed unexcused and subject to such policy.

MAKE UP WORK

Excused Absences. Make-up work for such absences is the responsibility of the student. The student is allowed one day after his or her return to school for each day absent in which to complete and turn in missed assignments and projects and to take any missed quizzes or tests. Students will be given a zero (0) grade for all such make-up work that is not completed on time. Current class work shall be completed within specified time frame.

Unexcused Absences. Make-up work for such absence is the responsibility of the student. The student is allowed one day after his or her return to school for each day absent in which to complete and turn in missed assignments and projects and to take any missed quizzes or tests. Δ student will receive credit for only eighty percent (80%) of the grade he or she earns for such made-up work completed after an unexcused absence. Current class work shall be completed within specified time frame.

ABSENTEEISM AND TRUANCY

The Illinois Revised Statutes require "...those parents (guardians) shall cause their child to be present at school daily for as long as the child is enrolled." Regular attendance is essential to a student's success in school. Many subjects are taught in sequence, requiring an understanding of each concept in the order of its presentation. Persistent absenteeism and tardiness creates a genuine barrier to learning and is a serious problem that interferes with a student's ability to succeed and leads to the establishment of poor attendance habits that carry on into adult life.

Parents are encouraged to fulfill their legal obligation by ensuring that their child is in school daily and reports on time. Students that have frequent or unexcused absences may be referred for intervention through the Truancy Alternative Program, and in severe cases, to the Regional Superintendent of Schools. Failure to comply with attendance laws may result in fines or imprisonment.

TRUANT -- A child subject to compulsory school attendance and who is absent or without a valid cause for more than 1% but less than 5% of the past 180 school days.

CHRONIC OR HABITUAL TRUANT -- A child who is subject to compulsory school attendance and who is absent or tardy without valid cause for such attendance for five percent or more of the previous 180 regular attendance days.

TRUANT MINOR -- A minor child to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs and other school and community resources have been provided and have failed to result in the cessation of chronic truancy or have been offered and refused.

Using the definitions cited, the school district should determine if the student is a "chronic or habitual" truant student. If it is determined that the student is a "chronic or habitual" truant, the appropriate supportive services and available resources which must be provided to the chronic truant may include, but are not limited to:

- | | |
|-------------------------------------|---------------------------------------|
| A. Letter Sent to Parents/Guardians | G. Referral to another Agency |
| B. Telephone Contact | H. Testing |
| C. In-School Tutoring | I. Remediation program/extra help |
| D. Conference | K. Other action deemed appropriate by |
| E. Counseling | administration and/or Board of |
| F. Home Visit | Education |

If these measures prove ineffective and the behavior persists, the superintendent or his designee may call upon appropriate resources of outside agencies such as the Truant Officer or local law enforcement agencies. The school board, superintendent, and the teachers shall assist and furnish such information, as they have to aid Truant Officers in the performance of their duties.

DROP OFF/PICKUP PROCEDURES

If your child is being transported to or from school, parents must discharge and pick up students in the **SOUTHWEST** parking lot. Students will report to the supervising staff and will be assisted to the cars under their direction. For safety, the west (blacktop) parking lot is closed to traffic when buses are loading and unloading, usually between 8 and 8:30 am and 2:30 and 3:15 pm each day. Again, for the safety of all students, please do not use the bus loading/unloading zone for dropping off or picking up your child (children) while buses are present and children are loading and unloading. Students are considered **tardy** if they arrive after 8:30 am and marked absent by 9:00 am.

SIGN IN/SIGN OUT PROCEDURES

Due to the Illinois School Code, we are responsible to account for all students. Parents are **REQUIRED** to **sign the student in** if brought to school after 8:30 a.m. AND Parents are **REQUIRED** to **sign the student out** if departing before 3:00 p.m. or regular dismissal time.

When picking up a student at any time other than dismissal, the **parent/guardian must sign the student out** from the school office. The staff will be responsible for getting the student to the office for departure. Please do not go directly to the classroom as this disrupts the learning process and is a breach of school rules. **During the day, no student is permitted to leave the school unless the parents give proper authorization. Under NO circumstances will any student be allowed to leave with an UNAUTHORIZED person.** In cases of emergency, accident, or illness, parents will be notified to come to school to transport the child home. Persons other than a parent or guardian **must present identification** prior to picking up the student.

ASSERTIVE DISCIPLINE

The school district has adopted the disciplinary program, **ASSERTIVE DISCIPLINE**, developed by Lee and Marlene Canter. It is nationally used for student management.

Assertive discipline proposes the **TEACHER'S RIGHTS**:

1. The right to establish a classroom structure and routine that provides the optimal learning environment. **Disruptions will not be tolerated.**
2. The right to determine and request appropriate behavior from the students, which meet all needs and encourages the positive social and educational development of each child.
3. The right to ask for help from parents, the superintendent, etc. when assistance is needed with a student.

The **ASSERTIVE DISCIPLINE PROGRAM** believes the **CHILD HAS THE RIGHT TO**:

1. Have a teacher who is in a position to and will help the child limit their inappropriate behavior.
2. Have a teacher who is in the position to and will provide the child with positive support for their appropriate behavior, and
3. Choose how to behave and know the consequences that will follow.

THE ASSERTIVE DISCIPLINE PLAN

The penalty for misbehavior on the bus is at the discretion of the superintendent. The penalty will depend upon the circumstances (may include removal from bus for 1 to 10 days or removal for a period of time up to two years from bus by a formal hearing).

Serious misbehavior on the bus may also be cause for punishment up to and including suspension or expulsion from school. **All handbook rules and regulations are in effect while students are riding the bus.**

SUSPENSION OF BUS RIDING PRIVILEGES

The bus driver is responsible for safe transportation of students to and from school. The driver is in complete charge of students while on the bus. Misconduct on the bus whether on a regular bus route or on an extra-curricular/field trip may warrant a denial of the privilege of transportation.

Misbehavior at school or on an extra-curricular/field trip may warrant a student being denied the privilege to attend any future extra-curricular/field trip. The superintendent **may** forgive prior bus discipline notices at mid-term or in other appropriate circumstances, as he/she deems necessary and appropriate. The superintendent and/or other proper authorities may take further appropriate disciplinary action as necessary.

GRADING SYSTEM

Grades on the report cards are final and cannot be changed by the administrator without approval from the teacher and a signature from the administration. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,

- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system was used to determine the grade, or
- An inappropriate grade was given based on an appropriate grading system

ACADEMIC DIFFICULTY

Students who are experiencing academic difficulty (difficulty achieving desired or required passing grades) are encouraged to contact their teacher for additional help. Parents who are concerned should contact their child's teacher. If no satisfactory arrangements are reached, then the superintendent should be contacted. Kell School desires that all children achieve as much as is possible for them.

PROMOTION AND RETENTION

A student's retention or promotion will depend on many factors being taken into consideration. Decisions to retain or promote must be based on successful completion of the curriculum, attendance, and performance on the statewide assessment test, and other criteria established by the Kell Board of Education. If there are any questions, your child's teacher should be contacted.

Please be aware that a 1997 amendment to the Illinois School Code prohibits "social promotion" of students and prevents promotion based upon age or any other social reason not related to the academic performance of the student.

Kindergarten

The Kindergarten teacher will give the parents a copy of the Student Performance Checklist.

First – Fifth Grades

Students will be required to pass 3 of 4 academic courses for 3 out of 4 quarters. These include math, ELA, science/health, and social studies. Because of the importance of reading and math at these levels, failure in these subjects for 2 out of 4 quarters WILL result in retention. All faculty members who have the student will meet to determine promotion, retention, or placement. In addition to grades, the following criteria will be considered and may carry as much weight as report card grades:

1. Assistance required by resource teachers.
2. Recommendations from resource teachers.
3. Maturity, motivation, and ability.
4. Prior retention and remediation efforts.
5. Demonstration of improvement on school coursework.
6. Results of school standardized testing.

Sixth – Eighth Grades

Students will be required to pass 3 of 4 academic courses for 3 out of 4 quarters. These include math, ELA, science/health, and social studies. Because of the importance of reading, math, and science at these levels, failure in these subjects for 2 out of 4 quarters WILL result in retention. All faculty members who have the student will meet to determine promotion, retention, or placement. In addition to grades, the following criteria will be considered:

1. Assistance required by resource teachers.
2. Recommendations from resource teachers.
3. Maturity, motivation, and ability.
4. Prior retention and remediation efforts.
5. Demonstration of improvement on school coursework.
6. Results of school standardized testing.

Standardized TESTING

Kell School District will administer the State Test each year. Students in grades 3 - 8 will complete sessions of reading and math testing. The test will be administered electronically per state and national testing guidelines. Please contact the Principal for more information and questions. Students in 5th & 8th grade will also take the Illinois Sciences Assessment in the spring each year.

STUDENT RECORDS

School student records are confidential. Information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and which may identify a student individually that is maintained by a school or at its direction by a school employee, regardless of how or where the information is stored, except as provided in State or federal law as summarized below:

- 1. Records kept in a staff member's sole possession.*
- 2. Records maintained by law enforcement officers working in the school.*
- 3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials, for disciplinary or special education purposes regarding a particular student.*
- 4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 18 years who has been arrested or taken into custody.*

State and federal law grants students, parents/guardians, and when applicable, the Ill. Dept. of Children and Family Services' Office of Education and Transition Services, certain rights, including the right to inspect, copy, and/or challenge school student records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services should be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right to opt-out of the release of directory information regarding his or her child. The District will comply with State or federal law with regard to release of a student's school records, including, where applicable, without notice to, or the consent of, the student's parent/guardian or eligible student. Upon request, the District discloses school student records without parent consent to the official records custodian of another school in which a student has enrolled or intends to enroll, as well as to any other person as specifically required or permitted by State or federal law.

The Superintendent shall fully implement this policy and designate an official records custodian for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

Student Biometric Information Collection

The Superintendent or designee may recommend a student biometric information collection system solely for the purposes of identification and fraud prevention. Such recommendation shall be consistent with budget requirements and in compliance with State law. Biometric information means any information that is collected through an identification process for individuals based on their unique behavioral or physiological characteristics, including fingerprint, hand geometry, voice, or facial recognition or iris or retinal scans.

Before collecting student biometric information, the District shall obtain written permission from the person having legal custody/parental responsibility or the student (if over the age of 18). Upon a student's 18th birthday, the District shall obtain written permission from the student to collect student biometric information. Failure to provide written consent to collect biometric information shall not be the basis for refusal of any services otherwise available to a student. All collected biometric information shall be stored and transmitted in a manner that protects it from disclosure. Sale, lease, or other disclosure of biometric information to another person or entity is strictly prohibited.

The District will discontinue use of a student's biometric information and destroy all collected biometric information within 30 days after: (1) the student graduates or withdraws from the School District, or (2) the District receives a written request to discontinue use of biometric information from the person having legal custody/parental responsibility of the student or the student (if over the age of 18). Requests to discontinue using a student's biometric information shall be forwarded to the Superintendent or designee.

The Superintendent or designee shall develop procedures to implement this policy consistent with State and federal law.

ELIGIBILITY REQUIREMENTS FOR EXTRA-CURRICULAR ACTIVITIES

Students are to keep an acceptable grade average (2.75 or higher) in all academic areas to be eligible to participate in extra-curricular activities that include basketball, cheerleading, bowling, scholar bowl, cross-country, and volleyball. Any student receiving a failing grade in any subject will become ineligible until that grade is raised to a passing grade in the next grading cycle.

Student classroom behavior or insufficient classroom progress may also result in a student being ineligible. Fourth thru Eighth grade students in particular, will become ineligible if they receive 9 or more discipline points in one week. **Effective immediately upon receipt of the 9th point, students become ineligible for a period of seven days.** Unique to scholar bowl, students must not have a D average in any classes in order to be eligible to participate.

Eligibility to participate in these special activities/organizations will be determined on a week-by-week basis. Teachers are to turn in lists of all ineligible students to the superintendent by noon each Friday. The student shall be ineligible from Saturday through the next Friday. Students who are deemed ineligible are not allowed to attend the contests or practice, unless to attend a school sponsored study room. If a student serves an IN SCHOOL suspension or an OUT OF SCHOOL suspension, they are NOT allowed to participate in the activity that night.

Absence the day of a game. Anyone who is absent from school the day of a game or practice will not play at the game or practice and will not attend the game or practice unless the absence is for a half-day. If a student goes home early from school because of illness, then that child is not allowed to participate that evening. As a rule, if a child is absent from school, then that child will not play, practice, or attend ANY extra-curricular school activity. Pre-arranged absences will be considered on a case-by-case basis. Only highly unusual circumstances will be considered for an exception of this rule.

SPORTS: Students who are not eligible:
Will not be allowed to participate in practice while ineligible.
Will not be allowed to dress in uniform or participate in game.

SCHOLAR

BOWL: Students who are not eligible will not be allowed to attend or participate in competition while ineligible.

***** REFER TO ATHLETIC/EXTRACURRICULAR CODE - PAGE 32**

CONDUCT AT EXTRA-CURRICULAR ACTIVITIES

Students, parents, and others attending games must respect the guest team, its fans, the game officials, other spectators, and school property. Booring or showing any disrespect to players, game officials, coaches, other spectators, or anyone present at the event is poor sportsmanship and all spectators shall refrain from such activity. "Examples of unsportsmanlike conduct include: a. using vulgar or obscene language, b. possessing or being under the influence of any alcoholic beverage or illegal substance, c. possessing a weapon, d. fighting or otherwise striking or threatening another person, d. failing to obey the instructions of a security officer or school district employee, and engaging in any activity which is illegal or disruptive. . . ." (Kell Board Policy, 8:40, March, 1997)

Spectators at games should leave the gym for refreshments only at halftime and between games.

Spectators attending games are expected to be in the gym while play is in progress. No one is to loiter in the halls or restrooms.

Spectators that leave the building during the game will not be allowed back into the game. Only players and cheerleaders are to be on the floor.

When visiting other schools to attend games or any other activity, students and parents must abide by the rules of the host school. Kell Grade School rules shall apply when not superseded by host school rules.

Spectators are not allowed to play on the gym floor at any time (i.e., during half times and after the completion of the game).

Spectators must not throw popcorn or any other objects/substance at anyone or on the floor.

Spectators guilty of misconduct during athletic events will be warned (if appropriate) of consequences of further violations at the time of the first violation. If the violation is serious, disciplinary steps may be required immediately. A second instance of misconduct will be cause for removal of the spectator from the gym and the school property (at the discretion of the principal or supervisor). A student will be placed under parent's supervision if they are present (as the principal or supervisor deems appropriate). If parents are not present, they will be called to pick up the student.

A single instance of misconduct (such as throwing something that jeopardizes the safety of a player or spectator) shall be reason for immediate removal of spectator from the gym and school property. If a student causes the violation, the parents will be contacted.

All students and spectators in attendance at sporting events are subject to the rules and regulations of the IJHSA, Kell Board of Education policies, and the Kell Student Handbook concerning their conduct. The Illinois School Code, Kell School Board policy, and Kell Student Handbook rules allow the removal of participants and spectators, and expulsion for up to one year from sporting events for violations of such rules and regulations.

"The Superintendent may seek to deny future admission to any person by delivering or mailing a notice, sent by certified mail with return receipt requested, at least 10 days before the School Board hearing date containing: 1. The date, time, and place of a Board hearing; 2. A description of the unsportsmanlike conduct; 3. The proposed time period that admission to school events will be denied.; 4. Instructions on how to waive a hearing. . . ." (Kell Board Policy, 8:40, March, 1997).

ASBESTOS MANAGEMENT PLAN

Kell School District asbestos management plans are available for inspection in the Superintendent's Office. The management plan is available for public inspections during regular business hours at the Superintendent's Office.

MEDICATION POLICY AND PROCEDURES

The Illinois State Board of Education, Illinois Department of Public Health, and the Illinois Association of School Boards have published guidelines for medication administration in schools. Kell School has adopted these guidelines. In order to comply with these guidelines, the school must be provided a written order for prescription and non-prescription medications from the child's doctor, dentist, or other health care provider. It is the parent/guardian's responsibility to provide the written order, written request from the parent, and medication. Any changes in medication orders require written authorization from the licensed prescriber. Long-term medications shall be reviewed annually.

Only medications that are necessary to maintain a child in school and that must be given during school hours shall be given. Medications ordered for three times daily should be given before school, after school, and bedtime – not at school – unless specified otherwise by the prescriber.

Medications must be brought to school in a container appropriately labeled by the pharmacy or physician, if a prescription medication. Non-prescription medications ordered by the physician shall be brought to school with the manufacturer's original label on the bottle and the child's name affixed to the container.

The school administrator will give medication or certified school employee may supervise the student self-administering the medication. Parents may also come to administer the medication.

The parent/guardian will be responsible at the end of the treatment regimen for removing from school any unused medication by the end of the school year. If the medications are not picked up, the medications will be disposed of.

If a student is thought to have, or has an infectious disease, the parent or guardian will be contacted and the child will be isolated from fellow students until they are picked up from school.

HEALTH INFORMATION

The primary goal of health services is to provide a healthy and safe environment in order to ensure an optimal learning environment for all students. This goal is achieved by compliance with state and local regulations, as well as District policies. The responsibility of the parent/guardian in achieving this goal will be to provide all grade level requirements and special health condition information to the school nurse. If a student becomes ill or injured during the school day and needs to go home, parents are notified. Parents must provide the school office with current phone numbers for home, work, cell, etc., as well as emergency contacts when they cannot be reached. It will be the discretion of the health office personnel if a parent is contacted.

Phone calls are not made home on every student who enters the health office.

- Students suspected of having a rash of an unknown origin will be sent home. The student will not be readmitted to school without a note from a health care provider, i.e., physician, physician assistant, or nurse practitioner, stating whether or not the rash is contagious and when the student is permitted to return to school.
- Students who present with suspected pink eye will be sent home if there is evidence of tearing or purulent discharge.
- Students with a fever of 100 degrees Fahrenheit or higher will be sent home; they must be fever-free for 24 hours (without the use of temperature reducing medications) before returning to school.
- Students who present with vomiting and/or diarrhea will be sent home; they must be vomit and diarrhea free for 24 hours before returning to school.

FOOD ALLERGY

The Kell Grade School staff is trained every other year on symptoms, management, and prevention of food allergies. A food allergy form will be given to each parent/guardian at registration. This form will be kept in the cafeteria and used to identify students in the school with food allergies and precautionary measures will be taken throughout the school.

EPI-PEN/ASTHMA MEDICATIONS

A student may possess an epinephrine auto-injector (Epi-Pen) and/or medications prescribed for asthma for immediate use at the student's discretion. Parents/guardians must complete and sign a "School Medication Authorization Form" each year regarding this medication.

DIABETES

Parents/guardians of students with diabetes are responsible for sharing the health care provider's instructions about diabetes. When at school, the student's diabetes will be managed according to the diabetes care plan, if one exists.

PEDICULOSIS (HEAD LICE)

School personnel will check students for head lice when deemed necessary by school personnel. If a student is found to have live head lice, he/she will be sent home for treatment.

Before being admitted back into school, the student will be checked by school personnel for evidence of treatment and the elimination of live head lice. *(After treatment, the medication package or a doctor's statement must be brought to the school office as treatment evidence).*

When a student is found to have live head lice two (or more) times during a school year, that child will then fall under a "no nit" rule for re-admittance into school. Students who fall under the "no nit" rule will not be allowed to return to school until **all lice and nits (lice eggs) have been removed as evidenced by school personnel.**

PARTIES DURING CLASSTIME

If you plan to have your child or their teacher handout party invitations at school, please provide an invitation for each child. Otherwise, please mail the invitations. This will prevent hurt feelings and social problems among the children. Helium balloons are NOT allowed at school parties.

Students and parents will please secure permission from the classroom teacher **IN ADVANCE** (one-week notice recommended) of the party if your child would like to bring treats or refreshments.

PHYSICAL EDUCATION

Physical Education is required for all pupils by state law. Students are to participate at their ability level in a courteous and cooperative manner. Failure to participate in an acceptable manner will result in grade reduction and/or disciplinary action. Students may be excused from PE for two (2) days by a written parent request. A statement from their doctor is required for absences over two days. Students must have soft soled, **NON-MARKING** shoes for PE. Students may be barred from using the gymnasium if they do not wear non-marking shoes. Students must wear appropriate clothing and shoes as established by classroom rules. Students failing to follow classroom rules may receive a reduction in grade and disciplinary action.

SCHOOL CLOSINGS

If it is necessary to dismiss school due to inclement weather or an unforeseen emergency, the closing will be announced on radio stations **WJBD (100.1 FM), Facebook, and School Messenger**. In the event of an early school closing due to weather or an emergency, **please have plans made in advance** and discuss them with your child. If your child is to ride the bus somewhere other than home, please notify the school well in advance and notify the person to whom they are to go. The school also utilizes REMIND, a text messaging system, to make announcements to parents regarding closures and events. Please contact the office about signing up for the free system.

BREAKFAST AND LUNCH PROGRAMS

The unit cost of breakfast is \$1.95, lunch is \$2.75, and extra milk is \$.25. The Illinois State Free and Reduced Breakfast and Lunch Program provides that all children from families whose gross income falls below established guidelines are eligible for a free or reduced price lunch.

Those students eligible will receive free lunches. Those students who qualify for reduced lunches will be required to pay a significant reduction in price. **Please be sure to complete the lunch application to see if you qualify free or reduced price lunches.**

Applications for the Free and Reduced Lunch Program will be sent home with each child at the beginning of the school year or at the parent registration of students. A complete application must be submitted to the office and must be approved prior to eligibility. Should your family's income change during the school year, please notify the office so we can add or remove your children to or from the lunch program.

Participation in the Free and Reduced Breakfast and Lunch Program is **EXTREMELY important** for both the family and for the school. Each child that participates in the Lunch Program helps Kell School qualify for additional grant funding and provides additional state and federal revenue for our school. You may qualify for the Program and not know it. We **STRONGLY encourage you to complete the Program form.** Information is kept confidential.

The school superintendent is required to verify ten percent (10%) of all applications of students granted free lunch or reduced lunch prices. The audit may require the households to provide documents that prove their income falls within the guidelines.

Payment for breakfast and lunches: ALL breakfast and lunch costs are due on the Friday for the upcoming week. Students with an overdue account of five (5) meals will not be permitted to charge meals until their outstanding balance is paid in full. **PLEASE NOTE: after 5 charges, the student must bring a sack lunch or breakfast.**

Parents are asked to plan ahead for payment of school meals, therefore eliminating any problem concerning lunch or breakfast charges. Please use the monthly school meal calendars to plan these payments. Payment for meals may be waived for those families who qualify free or reduced lunches under the Federal Lunch Program and arrangements are made prior to charging the meals.

The School Cafeteria serves both **BREAKFAST and LUNCH** as a service to our students.

Prompt payment is expected since charges create a financial burden on the school budget.

No Soda and/or other sugar drinks allowed, unless approved for a special school activity.

No Selling of food, drinks and/or items from any student, parent or others during or at school. This includes after hour's activities and all school grounds including the school bus.

STUDENT INSURANCE

Student insurance is OPTIONAL. The school has an arrangement with a group plan providing for low-cost coverage. Parents have two choices available, a "school-time" plan and a "24-hour" plan, from which to select. Parents may select the plan best suiting the family needs.

The **PARENT** assumes responsibility for the filing of claims. Claims must be filed immediately after an accident by the insured. **The claim form is available from the school office.** All medical bills will be charged to the parents.

All students participating on an athletic team must purchase one of the two plans, unless the parents sign a waiver to the effect that their family policy is adequate and that they do not wish to have the insurance. All students in athletics must have either the insurance or the waiver. If he/she does not, he/she will be unable to practice, play in games, or hold team membership.

KELL GRADE SCHOOL PTO

KELL GRADE SCHOOL PTO provides financial support of our education program and activities and sponsor class parties such as Halloween, Valentine's Day and Easter. Room parents help organize these activities and seek support of other parents in our community. Our school appreciates the efforts and hard work our parents put into the PTO.

Help is always welcome, so please contact one of the officers for the school office to get more information about help. Monthly meeting dates and times are noted on the school calendar distributed each month.

ATHLETIC/EXTRACURRICULAR CODE OF CONDUCT

Congratulations on your choice to participate as a member of outstanding athletic and extracurricular programming here at Kell Consolidated School District # 2. It is the intent for all school staff and the Board of Education that athletics and extracurricular activities provide a healthy and enriching experience for students at the school.

It is important to note that participation in athletic and extracurricular activities within the Kell Consolidated School District # 2 is a privilege. With such a privilege comes certain responsibilities since student participants represent the school district not only in the classrooms and hallways, but in the community as well. Participation assumes ownership of these greater responsibilities, along with the consequences that are inherent for violations put forth in this code. The number one goal of any athletic or extracurricular program is to provide a structured environment where student participants can develop responsibility, work ethic, trust, loyalty, self-esteem, and self-discipline.

STUDENT STANDARDS OF CONDUCT

1) Drug, Tobacco, Vape or Alcohol Use, Possession, or Distribution

Student participants are not to use, possess, sell, or distribute any amount of alcohol, tobacco, vape or other controlled substances or drug paraphernalia or be under the influence of alcohol, drugs, or other controlled substance. A first violation of this policy will result in an immediate

suspension of the student from the activity for the remainder of the season. A second violation will result in the student not being allowed to participate in any extracurricular activities for the remainder of their enrollment with Kell CSD # 2.

2) Unlawful or Delinquent Behavior

An unlawful or delinquent act is a violation of any civil or criminal statute, ordinance, regulation or court order (other than minor traffic violations), such as vandalism or destruction of property. A student participant who pleads guilty, no contest, or is found to be guilty of such action by a court of law will be immediately suspended from the extracurricular activity for the remainder of the season.

3) School Suspension

Extracurricular participants that are suspended from school are prohibited from participation in practices and organized events for the length of the suspension. Multiple school suspensions may result in removal from the activity for the remainder of the season.

4) Attendance

Attendance of school is critical to a student's success in school. Extracurricular participants will make every effort possible to be at school and on time. Anyone who is absent from school the day of a game or practice will not play at the game or practice and will not attend the game or practice unless the absence is for a half-day. If a student goes home early from school because of illness, then that child is not allowed to participate that evening. As a rule, if a child is absent from school, then that child will not play, practice, or attend ANY extra-curricular school activity. Pre-arranged absences will be considered on a case-by-case basis. Only highly unusual circumstances will be considered for an exception of this rule.

5) Academic Eligibility

Students are to keep an acceptable grade average (2.75 or higher) in all academic areas to be eligible to participate in extra-curricular activities that include basketball, cheerleading, bowling, scholar bowl, cross-country, and volleyball. Any student receiving a failing grade in any subject will become ineligible until that grade is raised to a passing grade in the next grading cycle. Student classroom behavior or insufficient classroom progress may also result in a student being ineligible. Unique to scholar bowl, students must not have a D average in any classes in order to be eligible to participate.

Eligibility to participate in these special activities/organizations will be determined on a week-by-week basis. Teachers are to turn in lists of all ineligible students to the superintendent by noon each Friday. *A student's eligibility status runs from midnight of the determining Friday until midnight of the immediately following Friday. As an example, a presently eligible student is deemed ineligible at noon on a Friday. They may still play in a game that Friday evening as their eligibility status does not change until midnight. However, the following Saturday morning through the next week they would then be ineligible.* Students who are deemed ineligible are not allowed to attend the contests or practice.

6) Unsportsmanlike Conduct and Other Unacceptable Behavior

Unsportsmanlike conduct and other unacceptable behaviors not specifically covered in the Kell CSD # 2 Athletic Code, but which are contrary to the spirit of the Code, are subject to

appropriate penalty at the discretion of the Athletic Director and Principal, taking into account the seriousness of the incident, harm to person or property incurred, and remorse of the person involved.

7) Hazing

Hazing is defined as planning or participating in any form of verbal or physical harassment of another student participant. This includes, but is not limited to, the forcing of prolonged physical activity, excessive consumption of any substance, deprivation of sleep, food, or drink, and any other action with the general intent to degrade or disgrace someone. A student participant involved in the hazing of others will be immediately removed from the team and face further punishment under the general school policies set in place by the Board.

8) Violation of Team Rules and Regulations

Coaches may establish reasonable rules and regulation, subject to approval by the Superintendent/Principal, Athletic Director, and Board of Education. Within those rules and regulations, coaches may determine reasonable penalties for violation of team rules subject to the review of the Athletic Director.

9) Conduct Detrimental to the Team

Any conduct by a student participant that is deemed detrimental to the team by a coach or administrative official will result in an appropriate length of suspension based on severity and frequency. This conduct includes, but is not limited to, verbal teasing or harassment, physical harassment, the repeated violation or lack of respect for team rules, poor attendance to both practice and scheduled events, and the use of Social Media, such as Facebook or Twitter, to tease or harass fellow participants, coaches, or make otherwise derogatory comments about the team, classmates, or school.

DUE PROCESS AND APPEAL PROCESS

Student participants will be provided due process. The student is entitled to be informed of the charges against them and an informal meeting where they have an opportunity to be heard before the Athletic Director. The Athletic Director shall inform the student of the decision within one school day, at which time the student has the right to appeal to the Principal/Superintendent. The decision of the Principal/Superintendent will be considered final.

PARENT/GUARDIAN STANDARDS OF CONDUCT

The essential elements of character building and ethics in extracurricular embody the following six core principles: Trustworthiness, Respect, Responsibility, Fairness, Caring, and Good Citizenship. The highest potential of extracurricular is achieved when these six pillars or characters are displayed by not only the student participants, but also all of those involved with the activity from organizers to parents.

I therefore agree:

- I will remember that children participate to have fun and the activity is for youth, not adults.
- I will learn the rules of the activity and the policies of the sanctioning league.
- I will be a positive role model and encourage sportsmanship by showing respect and courtesy towards players, coaches, officials, and spectators.
- I will teach my child to play by the rules and to resolve conflicts without resorting to hostility or violence.
- I will never ridicule or yell at my child or other participants for making a mistake or losing a competition.
- I will promote the emotional and physical well-being of the participants ahead of any personal desire I may have for my child to win.
- I will respect the officials and their authority during games.
- I will only engage in behavior that presents support for the team as a whole and the success of all of those involved.
- I will not use social media outlets, such as Facebook or Twitter, to demean or make derogatory comments towards the team as a whole, individual participants, coaches, or support staff.

CONCUSSION MANAGEMENT

Concussions are an extremely serious and dangerous health condition that requires respect and concise action by those involved. Kell CSD # 2 has developed the following plan to ensure the safety of participants that may be subject to concussions through extracurricular activity:

- 1) If a coach suspects that a student participant has sustained a concussion following an observed or suspected blow to the head, they themselves, or an appropriate, designated staff member will assess the student using a checklist such as the Sport Concussion Assessment Tool.
- 2) If one or more of the signs or symptoms of a concussion are found to be present, the coach or assigned staff member will assume a concussion has occurred and not allow the student to reenter competition.
- 3) The parent/guardian will be informed of the suspicion of a concussion. It is the responsibility of the parent/guardian to obtain follow-up medical care.
- 4) The student suspected of the concussion must have written medical clearance from a licensed health care provider in order to return to practice or full participation.

DOCUMENTATION TO PARTICIPATE

Participants in extracurricular activities will be required to provide a physical that is no older than one year and sign-off on an emergency consent form. The form will be provided at school registration, activity tryouts, or may be requested from the school office.

UNIFORM MODIFICATIONS

The district allows a student to modify his or her athletic or team uniform for the purpose of modesty in clothing or attire that is accordance with the requirements of his or her religion or his or her cultural values or modesty preferences. A student is not required to receive the prior approval of the school board for such modification.

Dear Parent(s)/Guardian(s):

We now have the ability to enhance your child's education through the use of electronic networks, including the Internet. The Internet offers vast, diverse, and unique resources. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Your authorization is needed before your child may use this resource.

The Internet electronically connects thousands of computers throughout the world and millions of individual subscribers. Students and teachers may have access to:

- Limited electronic mail communications with people all over the world
- Information from governments sources, research institutions, and other sources
- Discussion groups
- Many libraries, including the catalog to the Library of Congress, and the Education Resource Information Clearinghouse (ERIC).

With this education, opportunity also comes responsibility. You and your child should read the enclosed *Authorization for Electronic Network Access* and discuss it together. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions.

The District takes precautions to prevent access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting.

On an unregulated network, however, it is impossible to control all material and a user may discover inappropriate material. Ultimately, parent(s)/guardian(s) are responsible for setting and conveying the standards that their child or ward should follow. To the end, the School District supports and respects each family is right to decide whether to authorize Internet access.
